

SIDDHI RAJARAM KOLHE

React Developer · Design-Focused Frontend Engineer | UI/UX · Full Stack
Nashik, MH | +91-9373784925 | siddhiii308@gmail.com | [Portfolio](#) | [LinkedIn](#) | [GitHub](#)

PROFESSIONAL SUMMARY

React Developer & Design-Focused Frontend Engineer with **18+ months** of hands-on production experience. Built and owned the entire frontend of **GLAMORAA** — a multi-tenant Salon ERP (8+ modules, live clients, JWT-RBAC, 15+ REST APIs). Built AI-powered tools **Pixora & FlowBoard** using Claude API. Skilled in Figma → React, TailwindCSS design systems, and Agile delivery. Targeting **Frontend / React / Design Engineer** roles.

TECHNICAL SKILLS

Frontend	React.js, JavaScript (ES6+), TypeScript, HTML5, CSS3, TailwindCSS, Bootstrap
UI / UX	Figma, Framer Motion, GSAP, Swiper.js, Locomotive Scroll, WCAG 2.1, Component Design, Design Systems
State / API	React Context API, Custom Hooks, useState / useEffect / useReducer, REST APIs, JWT Auth
Backend	C#, ASP.NET Core Web API, RBAC, SQL Server, Node.js
Tools	Git, GitHub, Vite, Vercel, VS Code, Chrome DevTools, Jest (learning), Agile / Scrum

PROFESSIONAL EXPERIENCE

- Full Stack Developer** · Infinity Techno Solutions · Nashik Jun 2025 – May 2026
 - Led frontend of **GLAMORAA** (multi-tenant Salon ERP) — Figma → React + TailwindCSS across 8+ modules, deployed to **3+ live salon clients**.
 - Architected **JWT-based RBAC** (Admin / Staff / Manager); integrated **15+ ASP.NET Core REST APIs**; maintained shared component library across all modules.
 - Reduced initial load time **~40%** via memoization & lazy loading; mentored junior interns; delivered **12+ sprints on schedule**.
- Web Development Intern** · Infinity Techno Solutions · Nashik Dec 2024 – May 2025
 - Built responsive UIs (HTML / CSS / Bootstrap / JS); contributed to ASP.NET + SQL Server CRUD operations. Shipped first **solo React component to production in Week 2**.

KEY PROJECTS

- Glamoraa — Salon ERP** HTML · CSS · JavaScript · Bootstrap · ASP.NET Core · SQL Server · Figma [🔗 Live Demo](#)
 - Multi-tenant ERP live in production — calendar booking, invoicing, RBAC & membership tiers across 8+ modules. Full Figma design system designed before a single line of code.
- Pixora — AI Component Library** React · Claude API · Vite [🔗 Live Demo](#)
 - 26+ production-ready UI components with an AI Builder generating live React code from plain English via Claude API. Custom syntax highlighter — zero third-party dependencies.
- FlowBoard — AI Kanban Dashboard** React · Claude API · Context API · Vercel [🔗 Live Demo](#)
 - Drag-and-drop Kanban with AI auto-assigning priority, labels & effort. Real-time sprint velocity & priority charts — no external state library.
- Also Built:** HR Pulse Dashboard · ShopSphere E-Commerce · Colour Palette Generator · HTML/CSS Landing Pages — [siddhikolhe.vercel.app](#)

HIGHLIGHTS

- Live Production Deploy:** GLAMORAA is actively used by real salon clients — not just a demo project.
- AI Integration:** 2 AI-powered tools (Pixora, FlowBoard) built independently using Claude API — rare at this experience level.
- Zero to Production:** Shipped first React component to production within 2 weeks of starting as an intern.
- Design-to-Code:** Full Figma design system ownership before any code was written — end-to-end product thinking.

EDUCATION

Master of Computer Science (MCS)	— K.K. Wagh College, Nashik	2023 – 2025 CGPA: 8.27 / 10
Bachelor of Computer Science (BCS)	— K.K. Wagh College, Nashik	2020 – 2023 CGPA: 8.55 / 10
