PROFESSIONAL EXPERIENCE

Frontend / Full Stack Developer | Infinity Techno Solutions, Nashik **Sept 2025 – Present**

- Led frontend development of GLAMORAA, a multi-tenant Salon ERP live in production for 2 salon clients across 8+ modules, using JavaScript and Bootstrap.
- Built and consumed 15+ REST APIs connecting the UI to database-backed services, with JWT-based role access (Admin / Staff / Manager) reflected in the interface.
- Improved frontend rendering performance using memoization and lazy loading.
- Built responsive, reusable UI components and converted Figma designs into pixel-accurate layouts.
- Mentored 2 junior interns while delivering features on schedule across 12+ sprints in an Agile/Scrum team.

Web Development Intern | Infinity Techno Solutions, Nashik **March 2025 – Sept 2025**

- Built responsive UI components with HTML, CSS, Bootstrap and JavaScript, and contributed to backend CRUD features end-to-end.

KEY PROJECTS

Pixora — AI Component Library *React · Claude API · Vite*

- 26+ production-ready React components with an AI Builder that generates live component code from plain-English prompts via the Claude API.

FlowBoard — AI Kanban Dashboard *React · Claude API · Context API · Vercel*

- Drag-and-drop Kanban board with AI-assigned priority, labels and effort, plus real-time sprint velocity charts, built without an external state management library.

GLAMORAA — Salon ERP *JavaScript · Bootstrap · ASP.NET Core · SQL Server · Figma*

- Multi-tenant ERP live for 2 salon clients: calendar booking, invoicing, role-based access and membership tiers across 8+ modules.

Also built: HR Pulse Dashboard · ShopSphere E-Commerce · Colour Palette Generator · HTML/CSS Landing Pages — see [siddhikolhe.vercel.app](#)
